S. M. JOHNSON,

Nov. 15, 1878-19 Real Estate Agent.

The National Tobacco Association

Washington Post.

The National Tobacco Association

is making a vigorous campaign in

behalf of a reduction of the tax on

tobacco to sixteen cents per pound.

By direction of the association, T.

S. S. of Cincinnati, has pre-
pared a paper containing some val-
uable statistical facts for submissionto the Senate Finance Committee at
its next meeting. This paper pre-
sents a comparison of average resultsunder several different rates of tax-
ation on smoking, and chewing to-
bacco, and snuff, as follows:

For three years, from 1866 to 1868,

inclusive, under 40 cents tax for

high grades, and 15 cents for low

grades: Average rate, 34 cents; av-
erage production, 43,063,143 pounds;

average collection, \$14,991,784. For

the four years, from 1869 to 1872, in-
clusive, under 16 cents tax: Av-
erage rate, 27 cents; average pro-
duction, 86,234,182 pounds; average

collection, \$22,600,715.

For three years, from 1875 to 1878,

inclusive, at 24 cents tax: Average

rate 24 cents; average production,

111,783,849 pounds; average collec-
tion, \$27,029,159. The natural in-
crease, from increase of population,is estimated at 5 per cent. per an-
num, but during the three years lastmentioned, the production has in-
creased more than six million

pounds. The argument of the paper

is that a larger revenue can and will

be derived from a low rate of tax, and

offsets its enormous predecessor.

The bill, it will be remembered, was

passed, the House late last

month, and is now before the

Senate Finance Committee. Mr.

Morrill, chairman of that committee,

is violently opposed to any reduc-
tion in revenue taxation, and he is

especially opposed to reducing the

tobacco tax. He has been urged

by the friends of the bill to have

some action taken by the commit-
tee, and let the bill come before the

Senate even with an adverse report,

but so far all such requests have

been without effect. The advocates

of the bill claim that the Senate

if they can only get it reported,

their chief fear is that it will be

smothered in the committee-

room.

The decision rendered on the 2d

by the United States Supreme Court

in the Bank of Tennessee case, car-
ried up by John Meith, plaintiff inerror, against E. A. Clark, Collector,
etc., in error, is important. It de-
cides that for the money issued afterthe "Forfeit issue," the State is liable,
and that they must be received fortaxes. Subjoined is the synopsis of
the decision, telegraphed from

Washington:

No. 67, John Meith, plaintiff in

error, against E. A. Clark, Collector,
etc., in error. The principal ques-
tion involved in this case iswhether the State of Tennessee is ob-
liged to receive in payment oftaxes the now depreciated notes of
the Bank of Tennessee, as if found

lost by or for the State, or whether it

is bound to receive in payment of

taxes the now depreciated notes of
